Personal Details:

Filipino | January 30, 2005 | CARAGA (Surigao City)

Aspiring Web Developer and 4th-year Computer Science student skilled in React, Django, Python, SQL, and PostgreSQL, with hands-on experience developing an AI-driven academic platform.

PROFESSIONAL SUMMARY

4th-year Computer Science student and aspiring web developer with hands-on experience developing an AI-driven learning platform using React, Django, and PostgreSQL. Skilled in web development, Python, SQL, database management, and REST APIs, with a strong interest in building practical and user-focused solutions. Motivated to continuously learn, improve technical skills, and contribute to real-world software projects.

AREAS OF EXPERTISE

- HTML & CSS
- Python
- SQL / Database Development
- React
- Django

ACCOMPLISHMENTS

- **With Honors (2022–2023)** — Recognized for academic achievement.
- **Developed CCIS-CodeHub**, an AI-driven learning platform developed as part of a Bachelor of Science in Computer Science thesis.
- **Integrated React, Django, and PostgreSQL** in the development of a full-stack academic software system.
- **Completed a major Computer Science thesis project** focused on learning, collaboration, AI mentorship, and assessment integrity.

PROFESSIONAL EXPERIENCE

Student Software Developer, Surigao del Norte State University

Jan 2026 to Present

Surigao City

Developed and contributed to CCIS-CodeHub, an AI-driven learning platform designed to integrate learning paths, collaborative project management, community interaction, AI mentorship with contextual career guidance, and internal assessment integrity monitoring. Worked with React, Django, and PostgreSQL as part of the system's technology stack. Contributed to the development, integration, testing, and documentation of the academic software system as part of a Computer Science thesis project.

EDUCATION

Surigao del Norte State University - Main, Surigao City

Aug 2023 to Jun 2027

Bachelor of Science in Computer Science

An intelligent student experience platform designed to integrate learning paths, community interaction, collaborative project management, AI mentorship with contextual career guidance, and internal assessment integrity monitoring into a unified platform.

TECHNICAL PROFICIENCIES

Web Development: HTML & CSS, Python, SQL, React, Django
